

The Youth Budget Commission Invites You...

The **Illinois Youth Budget Commission** was created to develop comprehensive policy recommendations that ensure Illinois youth are stable, safe, healthy, educated, employable, and connected. The key component to this commission is the yearly fiscal scan. The scan looks at how much the state invests in youth and young adults by six positive youth outcomes.

For their next meeting, the Commission will present their findings from the most recent fiscal scan to an audience of young people so that they can learn about how the state is investing in their well-being and to give feedback on how the state can improve the lives of its young people. This presentation will be held on **Tuesday, September 14th** beginning at **4:00 PM**. The meeting is held on Zoom, so no physical attendance will be required. The presentation and Q&A period will last approximately 45 minutes.

If you are interested in taking part, please send an email to Eric Mayo (emayo@childrenshomeandaid.org) or John Gordon (john.gordonybc@gmail.com) and you will be provided with the link for the presentation. Please feel free to visit the [Youth Budget Commission's](#) website for any background information you may wish to view prior to the meeting
